SUBJECT INDEX

1976, Volume 38

Accelerocardiogram, praecordial, and left ventricular pressure, correlation between (Hume *et al.*). 233
Acidosis, glycoside inotropy and K+efflux in (Poole-Wilson). 320, *P.*
Aldosterone, plasma levels in severe, treated heart failure (Hamer *et al.*). 534, *P.*
Ambulance service, cardiac, patient-selection in evaluation (Hampton). 318, *P.*
Amyloid heart disease (stiff heart syndrome), functional defect (Chew *et al.*). 537, *P.*
Aneurysms
  ascending aorta, surgical treatment (Yacoub *et al.*). 874, *P.*
  biloculate false, right ventricle after cardiac surgery: case report (Samarrai *et al.*). 297
  ventricular, left, complicating cardiomyopathy in children (Alday *et al.*). 162
    false, after intraoperative left ventricular perforation (Sharratt *et al.*). 1154
    postinfarction, surgical treatment, 32 patients (Donaldson *et al.*). 1223
Angina pectoris
  antilipolytic therapy, reduction of exercise-induced ST segment depression (Luxton *et al.*). 1204
  in aortic valve stenosis, significance (Mandal & Gray). 811
  improvement after revascularization; case report (Gey *et al.*). 1101
  metoprolol therapy, subacute study with exercise tests (Ekelund *et al.*). 155
  pacing-induced, constancy of pressure-rate product (Cokkinos & Voridis). 39
  postinfarction (Mulcahy *et al.*). 873, *P.*
  spontaneous, left and right heart haemodynamics during: correspondence (Bete: Guazzi). 1222
  unstable, clinical, angiographic, and myocardial scintigraphic observations (Donsky *et al.*). 257
    controlled trial of fibrinolytic therapy (Lawrence *et al.*). 873, *P.*
    prognosis (Heng *et al.*). 921
  variant, maximal exercise testing in: correspondence (De Swiet: Detry *et al.*). 655
Angiocardiography
  isotope electrocardiograph-gated (Raina *et al.*). 318, *P.*
  radionuclide, quantitative, determination of left ventricular ejection fraction (Kurtz *et al.*). 966
Angiography
  coronary, review, 1500 consecutive cases (Pridie *et al.*). 1200
  demonstration of blood supply of right atrial myxoma: case report (Berman *et al.*). 764
Angiosarcoma of pericardium, diagnosis and management (Poole-Wilson *et al.*). 240
Annular subvalvular left ventricular aneurysm, two cases, Brazil (Guimarães *et al.*). 1080
Antihypertensive treatment, long-term, haemodynamic adaptation to (Koch). 1240
Antilipolytic therapy in angina pectoris, reduction of exercise-induced ST segment depression (Luxton *et al.*). 1204
Anxiety after heart attack (Dellipiani *et al.*). 752
Aorta, Aortic
  arch, cervical, and new type of double aortic arch: case report (Cornali *et al.*). 993
  ascending, aneurysms, surgical treatment (Yacoub *et al.*). 874, *P.*
  atresia, anatomical variants, potential candidates for ventriculoaortic reconstitution (Freedom *et al.*). 821
  coarctation, *see* Coarctation of the aorta
  flow probe, extractable electromagnetic, experience after open heart surgery (Lewis *et al.*). 316, *P.*
  flow velocity, assessment of left ventricular function by indices derived from (Kolettis *et al.*). 18
  regurgitation, severe, correction, non-invasive assessment of left ventricular function after (Venco *et al.*). 1324
    associated with osteogenesis imperfecta, successful aortic valve replacement: correspondence (Pijoan de Beristain). 310
    rheumatic, natural history and indications for surgery (Smith *et al.*). 147
  valve stenosis, angina pectoris in, significance (Mandal & Gray). 811
    influence of preoperative left ventricular function on results of aortic valve replacement (Towers *et al.*). 533, *P.*
  valve disease, congenital, with rupture of mitral chordae tendineae (Joseph *et al.*). 665, 317, *P.*
    haemodynamic long-term follow-up (Persson) 533, *P.*
    pulmonary autograft, three to eight years later (Saravalli *et al.*). 533, *P.*
    replacement for aortic regurgitation associated with osteogenesis imperfecta: correspondence (Pijoan de Beristain). 310
    influence of preoperative left ventricular function on results, in aortic stenosis (Towers *et al.*). 533, *P.*
    left ventricular function after (Seabra-Gomes *et al.*). 491
    non-invasive assessment of left ventricular function before and after (Sutton *et al.*). 874, *P.*
    thromboembolic complications after: comparative study (Meistrell & Yates). 314, *P.*
  surgery using hypothermia without coronary perfusion (Kugelberg & Persson). 533, *P.*
  xenograft, stented porcine, initial clinical experience (Sang *et al.*). 875, *P.*
  wall, duplication seen by echocardiography (Hirschfeld *et al.*). 943
Aortitis, idiopathic, with calcification of ascending aorta, and aortic and mitral valves (Rose & Forman). 650
Aortocoronary bypass surgery
  analysis of preoperative and operative factors. 146 patients (Banim & Balcon). 532, *P.*
  saphenous vein, evaluation of early and long-term function (Yacoub *et al.*). 532, *P.*
  see also Grafts
Aortovelography, transcutaneous, *see* Transcutaneous aortovelography

Arrhythmias
cardiac, induced by hypokalaemia and potassium loss during maintenance digoxin therapy (Steiness & Olsen). 167
frequency in fulminant hepatic failure (Weston *et al.*). 1179
induced by isometric and dynamic exercise, incidence (Atkins *et al.*). 465
in left ventricular bypass transplants, two patients (Kennelly *et al.*). 725
ventricular, after myocardial infarction, three weeks later and one year later (Rehnqvist & Sjogren). 532, *P.*
during acute myocardial infarction, natural history (Oliver *et al.*). 881, *P.*
Arterial
counterpulsation, long-term results in acute severe cardiac failure complicating myocardial infarction (Baron & O'Rourke). 285
oxygen tension and response to oxygen breathing, differential diagnosis of congenital heart disease in infancy (Jones *et al.*). 314, *P.*
Arteriography, coronary, selective, and cardiac catheterization, significance of serum enzyme changes (Hori *et al.*). 97
Arteriovenous fistula, pulmonary, massive, newborn (Clarke *et al.*). 1092
Ataxia, Friedreich's, with hypertrophic obstructive cardiomyopathy (Van der Hauwaert & Dumoulin). 1291
Atherosclerosis
coronary, short left coronary artery trunk a risk factor in development (Gazetopoulos *et al.*). 1160
and length of main left coronary artery, arteriographic study (Gazetopoulos *et al.*). 180
Atria, Atrial, Atrium
retrograde activation, catheter mapping, during ventricular pacing and AV nodal re-entrant proxysmal tachycardia (Amat-y-Leon *et al.*). 355
dysrhythmias, thyroid stimulating hormone levels (Myers *et al.*). 314, *P.*
fibrillation, transient, after minor head injury (Marshall). 984
myxoma, left, echocardiographic diagnosis, suprasternal approach (Petsas *et al.*). 627
right, angiographic demonstration of blood supply: case report (Berman *et al.*). 764
pacing, rapid, evaluation in diagnosis of coronary artery disease (Robson *et al.*). 986
receptors and a possibly naturally occurring diuretic agent (Kappagoda *et al.*). 318, *P.*
right, electrophysiological properties, relation to physical training and heart rate (Brorson). 536, *P.*
septal defect, secundum, association with abnormalities of atroventricular conduction or left axis deviation: a new syndrome (Emanuel *et al.*). 536, *P.*
secundum, differentiation from endocardial cushion defect, diagnosis with cross-sectional and M-mode scanning echocardiography (Beppu *et al.*). 911
standstill, persistent right: case report (Harley). 646
tumour motion, echocardiographic pattern (Farooki *et al.*). 580
Atrio-His nodal pathway, accessory, intermittent bundle-branch block in, variant of Lown-Ganong-Levine syndrome (Befeler *et al.*). 173
Atrioventricular
block, Mobitz II, within the His bundle, with progression to complete heart block: case report (Amuchástegui *et al.*). 868
pseudo second degree, with bradycardia, successful treatment with quinidine: case report (Dhurandhar *et al.*). 1363
retrograde conduction in, using His bundle recordings (Touboul *et al.*). 706
conduction, abnormalities, or left axis deviation, associated with secundum atrial septal defect: a new syndrome (Emanuel *et al.*). 536, *P.*
in pre-excitation, spontaneous variations: case report (Parameswaran *et al.*). 427
discordances, rules for diagnosis (de la Cruz *et al.*). 341; editorial (Macartney *et al.*). 323
nodal pathway, accessory, intermittent bundle-branch block in, variant of Lown-Ganong-Levine syndrome (Befeler *et al.*). 173
Autonomic nervous system, learned voluntary control (Pickering). 320, *P.*
Autoregulation, role in transmural distribution of coronary flow in canine left ventricular wall (McGregor *et al.*). 880, *P.*
Axis, left, deviation, or abnormalities of atrioventricular conduction, associated with secundum atrial septal defect: a new syndrome (Emanuel *et al.*). 536, *P.*

Balloon
damage, prevention, during initiation of intra-aortic balloon counterpulsation (O'Rourke *et al.*). 974
deformity of mitral valve, ventricular arrhythmias, definition of possible high risk group (Campbell *et al.*). 1053
intra-aortic, in cardiogenic shock after myocardial infarction or cardiac surgery (Jackson *et al.*). 316, *P.*
Banding, pulmonary artery, *see* Pulmonary artery banding
Bed rest, effect on development of deep venous thrombosis after myocardial infarction (Hayes *et al.*). 981
Beta-adrenergic receptors
antagonists, antihypertensive effectiveness, comparison with different pharmacological properties (Taylor *et al.*). 313, *P.*
blockade, chronic, in congestive cardiomyopathy (Waagstein *et al.*). 537, *P.*
effect of selective and non-selective on coronary circulation in man (Stephens *et al.*). 313, *P.*
effects on chest pain, ECG and heart function in acute myocardial infarction (Hjalmarson *et al.*). 530, *P.*
long-term, after myocardial infarction, protective action (Raine & Williams). 873, *P.*
effects remaining after withdrawal (Brundin *et al.*). 1065
effect on left ventricular pressure-volume relations in hypertrophic cardiomyopathy (Raphael *et al.*). 537, *P.*
and vasodilator agent combination in long-term antihypertensive treatment, haemodynamic adaptation (Koch). 1240
Beta-adrenergic receptor blocking agent, cardioselective *see* Metoprolol
Bigeminy, escape-capture, caused by blocked atrial extrasystoles: correspondence (Jamaluddin: Dubb & Schamroth). 883
Biopsies, cardiac, ultrastructural investigation (Thomsen & Torp). 536, *P.*
Björk-Shiley disc prosthesis
haemolysis after (Nitter-Hauge). 977
in tricuspid position, malfunction (Bourdillon & Sharratt). 1149
in tricuspid situation, thrombotic jamming: case report (Raj *et al.*). 1355
Block
atrioventricular, Mobitz II, within the His bundle, with progression to complete heart block: case report (Amuchástegui *et al.*). 868
pseudo second degree, with bradycardia, successful treatment with quinidine: case report (Dhurandhar *et al.*). 1363
retrograde conduction in (Touboul *et al.*). 706
His bundle, chronic, clinical, electrophysiological and follow-up studies, 16 patients (Gupta *et al.*). 1343
Blood flow, myocardial, regional, angiographic abnormalities associated with alternations in, in coronary heart disease (See *et al.*). 1278

see also Coronary flow: Pulmonary blood flow
Bundle-branch
block, intermittent, with accessory atrio-His or atrio-AV nodal pathways, variants of Lown-Ganong-Levine syndrome (Befeler *et al.*). 173
re-entry, retrograde His bundle deflection in: case report (Castellanos *et al.*). 301
Bypass surgery
aortocoronary, pathology of hearts after (Heard). 838
cardiopulmonary, pituitary-adrenal axis during (Taylor). 321, *P.*
improvement in exertional left ventricular dysfunction: case report (Gey *et al.*). 1101
subendocardial ischaemia, assessment (Wittig *et al.*). 876, *P.*
see also Grafts

Calcific coronary embolization associated with cardiac valve replacement (Steiner *et al.*). 816
Calcification
ascending aorta, and aortic and mitral valves in idiopathic aortitis (Rose & Forman). 650
mitral valve, echocardiographic assessment (Raj *et al.*). 81
Candida tropicalis, mitral valve vegetations, echocardiographic diagnosis: case report (Pasternak *et al.*). 1209
Carbon monoxide poisoning, acute, echocardiographic findings (Corya *et al.*). 712
Cardiac
ambulance service, patient-selection in evaluation (Hampton). 318, *P.*
anomalies, classification: editorial (Macartney *et al.*). 323; (de la Cruz *et al.*). 341
biopsies, ultrastructural investigation (Thomsen & Torp). 536, *P.*
death, sudden, and mobile coronary care: correspondence (Harrison *et al.*; Myers & Dewar). 997
failure, acute severe, complicating myocardial infarction, long-term results of arterial counterpulsation (Baron & O'Rourke). 285
pathology, Symposium, British Cardiac Society, Birmingham, 23 September 1975. 200
rupture, developing, initial sign of myocardial infarction (van Mantgem & Becker). 1073
tamponade, prevention, closure of pericardium after open heart surgery (Nandi *et al.*). 1319
Cardiogenic shock and congestive heart failure, in myocardial infarction, pathology of coronary arteries (Wackers *et al.*). 906
Cardiomyopathy
associated with familial centronuclear myopathy (Verhiest *et al.*). 504
complicated by LV aneurysms in children (Alday *et al.*). 162
congestive, chronic beta adrenergic receptor blockade (Waagstein *et al.*). 537, *P.*
immunological studies (Blackett & Ngu). 605
and constrictive pericarditis, systolic time intervals in diagnosis (Ghose *et al.*). 47
hypertrophic obstructive, *see* Hypertrophic obstructive cardiomyopathy
restrictive, and constrictive pericarditis, systolic time intervals in diagnosis (Khullar & Lewis). 43
Cardiopulmonary bypass, pituitary-adrenal axis during (Taylor). 21, *P.*
Cardiovascular
disease, widespread, with isolated pulmonary valve disease (Beçu *et al.*). 472
nuclear medicine, Baltimore, 11 and 12 March 1976, announcement. 203
responses to sustained handgrip and Valsalva manoeuvre, interaction between (Ewing *et al.*). 483
Catheter mapping of retrograde atrial activation (Amat-y-Leon *et al.*). 355
Catheterization, cardiac, and selective coronary arteriography; significance of serum enzyme changes (Hori *et al.*). 97
Centronuclear myopathy, familial, associated with cardiomyopathy (Verhiest *et al.*). 504
Cervical aortic arch, and new type of double aortic arch: case report (Cornali *et al.*). 993
Cholesterol, dietary and plasma, and coronary heart disease: editorial (Oliver). 214
Chordae tendinaea, mitral, rupture, in congenital aortic valve disease (Joseph *et al.*). 665, 317, *P.*
Coarctation of the aorta
associated with Klippel-Feil syndrome: case report (Falk & Mackinnon). 1220
in infancy and childhood (Shinebourne *et al.*). 375
Conducting system
AV, electrophysiological properties, and monophasic action potentials of right atrium, in hypothyroidism (Gavrilescu *et al.*). 1350
histopathology in left anterior hemiblock (Rossi). 1304
Conduction
aberrant ventricular, vectorcardiographic study (Kulbertus *et al.*). 549
disturbances, in *torsade de pointes*, histopathological findings (Rossi & Matturri). 1312
Congenital heart block, EM study of myocardial biopsy material: correspondence (Simpson: Ludatscherr). 431
Congenital heart disease
arterial oxygen tension and response to oxygen breathing in differential diagnosis (Jones *et al.*). 314, *P.*
diagnosis, sequential chamber localization: invited article (Shinebourne *et al.*). 327
in Down's syndrome (Laursen). 32
effect of environmental temperatures on oxygen consumption, infants (Kappagoda & Macartney). 1
Congestive cardiomyopathy
circulatory response to vasodilator therapy (Rossen *et al.*). 695
immunological studies (Blackett & Ngu). 605
Connexions in cardiac anomalies: editorial (Macartney *et al.*). 323; (de la Cruz *et al.*). 341
Constrictive pericarditis
echocardiographic study of interventricular septum in (Gibson *et al.*). 738
uraemic, diagnosis and successful surgical treatment: case report (Jenzer *et al.*). 304
Cor triatriatum dexter with imperforate Ebstein's anomaly: case report (Gerlis & Anderson). 108
Corkscrew epicardial pacing electrode inserted into apex of left ventricle, fatal outcome: case report (Vecht *et al.*). 1359
Coronary
angiography, review, 1500 consecutive cases (Pridie *et. al.*) 1200
artery bypass grafting, *see* Grafts
artery, in fatal cardiogenic shock or congestive heart failure in myocardial infarction (Wackers *et al.*). 906
disease, *see* Coronary heart disease
main left, length in relation to atherosclerosis of branches, coronary arteriographic study (Gazetopoulos *et al.*). 180
origin of anterior descending branch from pulmonary trunk: case report (Probst *et al.*). 523
spasm: case report (Tzivoni *et al.*). 104
obstruction, left anterior descending clinical, electrocardiographic, and angiographic correlates (Berndt *et al.*). 633
stenosis, left main, clinical experience (Banim *et al.*). 71
trunk, left, short, as risk factor in development of coronary atherosclerosis (Gazetopoulous *et al.*). 1160
care, mobile, and sudden cardiac death: correspondence

(Harrison *et al.*: Myers & Dewar). 997
pre-hospital, provided by ambulancemen (Briggs *et al.*). 530, *P.*
circulation, effect of selective and non-selective beta blockade (Stephens *et al.*). 313, *P.*
collaterals, analysis in ischaemic heart disease by angiography during pacing-induced ischaemia (Frick *et al.*). 186
embolization, calcific, associated with cardiac valve replacement (Steiner *et al.*). 816
flow in canine left ventricular wall, role of autoregulation in transmural distribution (McGregor *et al.*). 880, *P.*
effects of tachycardia and isoprenaline and pathogenesis of myocardial infarction (Rickards *et al.*). 881, *P.*
heart disease, description of segmental wall motion abnormalities (Seabra-Gomes *et al.*). 312, *P.*
dietary and plasma cholesterol: editorial (Oliver). 214
evaluation of rapid atrial pacing in (Robson *et al.*). 986
fibrinolytic activity and risk factors (Shaper & Marsh). 313, *P.*
12- and 3-lead electrocardiograms (Murray *et al.*). 773
myocardial blood flow, angiographic abnormalities associated with alteration (See *et al.*). 1278
and non-dyskinetic left ventricular contraction, effect of sub-lingual nitroglycerin (Hardarson & Wright). 1272
relation to left ventricular wall movement during isovolumic relaxation (Gibson *et al.*). 1010
use of non-invasive methods in evaluation of left ventricular performance, part II (Meng *et al.*). 1166
insufficiency, acute, surgical treatment: correspondence (Mulcahy & Hickey: Lawson). 653, 654
occlusion, identification in fatal myocardial infarction (Fulton & Sumner). 880, *P.*
risk factors, vigorous exercise in leisure time, and resting ECG, civil servants (Epstein *et al.*). 403
thrombi, occlusive, and pathology of myocardial infarction (Davies *et al.*). 659
vein graft occlusion, watershed (Rees). 197, 315, *P.*

Correspondence: Anatomically corrected malposition of great arteries (Thiene & Gallucci: Anderson *et al.*). 657
Electron microscopical study of myocardial biopsy material in congenital heart block (Simpson: Ludatscher). 431
Escape-capture bigeminy caused by blocked atrial extrasystoles (Jamaluddin: Dubb & Schamroth). 883
Imperforate Ebstein's anomaly of the tricuspid valve (Rao: Gerlis & Anderson). 1108
Left and right heart haemodynamics during spontaneous angina (Bete: Guazzi). 1222
Localization of lesion in patients with idiopathic orthostatic hypotension (Spalding: Ibrahim). 999
Maximal exercise testing in variant angina (De Swiet: Detry *et al.*). 655
A policy for hypertension (Douglas-Wilson: Short). 539
Studies on innocent praecordial vibratory murmurs in children (Wong *et al.*: Van der Hoeven). 309
Successful aortic valve replacement for aortic regurgitation associated with osteogenesis imperfecta (Pijoan de Beristain). 310
Sudden cardiac death (Harrison *et al.*: Myers & Dewar). 997
Surgical treatment of acute coronary insufficiency (Mulcahy & Hickey: Lawson). 653, 654
Ventricular tachycardia with retrograde conduction. Simplified diagnostic approach (Marriott: Evans). 771

Counterpulsation, arterial, long-term results in acute severe cardiac failure complicating myocardial infarction (Baron & O'Rourke). 285

Craniocerebral injury and subsequent myocardial fibrosis and heart failure (Rajs). 396

Creatine kinase MB isoenzyme studies in diagnosis of myocardial infarction (Smith *et al.*). 225

Cyanotic
congential heart disease, myocardial lactate metabolism and coronary venous phosphate in (Opie *et al.*). 876, *P.*
heart defects, emergency treatment with prostaglandin E_2 (Olley & Coceani). 877, *P.*
Cyst, blood-filled, giant, of tricuspid valve, infant: case report (Gallucci *et al.*). 990

Daunorubicin therapy, associated with endomyocardial fibrosis: case report (Wilcox *et al.*). 860
Diastole versus cycle length, duration as correlates of left ventricular ejection time (Weisdorf & Spodick). 282
Diazepam in acute myocardial infarction (Melsom *et al.*). 804
Digoxin therapy, maintenance, cardiac arrhythmias induced by hypokalaemia and potassium loss during (Steiness & Olesen). 167
Diphtheritic myocarditis, complicated by heart block, successful electrical pacing: case report (Matisonn *et al.*). 423
Discordance in cardiac anomalies: editorial (Macartney *et al.*). 323
Discriminant function analysis, myocardial infarction, male patients on antihypertensive therapy (Smith & Simpson). 1194
Distal conducting system, Wenckebach phenomenon occurring in, young adult: case report (Gray *et al.*). 204
Distorsions in cardiac anomalies: editorial (Macartney *et al.*). 323
Diuretic agent, possible naturally occurring, and atrial receptors (Kappagoda *et al.*). 318, *P.*
Dobutamine and isoprenaline, comparison of cardiovascular effects in open heart surgery (Kersting *et al.*). 622
Double outlet right ventricle, 27 cases (Cameron *et al.*). 1124
Down's syndrome in congenital heart disease (Laursen). 32
Dysrhythmias, atrial, thyroid stimulating hormone levels (Myers *et al.*). 314, *P*

Ebstein's anomaly
genetic study of 26 families (Emanuel *et al.*). 5
imperforate, associated with cor triatriatum dexter: case report (Gerlis & Anderson). 108
of the tricuspid valves, imperforate: correspondence (Rao: Gerlis & Anderson). 1108
Echocardiography
and pressure measurements in left ventricular function (Gibson & Brown). 8
in acute carbon monoxide poisoning (Corya *et al.*). 712

in interventricular septum in constrictive pericarditis (Gibson *et al.*). 738
in large fungal verruca attached to mitral valve: case report (Pasternak *et al.*). 1209
in left atrial myxoma, suprasternal approach (Petsas *et al.*). 627
in left ventricle dimensions, and cavity and wall volume estimations, within-patient test of reliability (Bennett & Rowlands). 312, *P.*
in mitral stenosis (Lundström). 534, *P.*
in mitral valve calcification (Raj *et al.*). 81
in primitive ventricle (Beardshaw *et al.*). 534, *P.*
in propranolol therapy for mitral valve prolapse (Winkle *et al.*). 129
test of reliability, left ventricular dimensions and volumes (Bennett & Rowlands). 1133
Echoventriculography in acute myocardial infarction. II. Monitoring of left ventricular performance (Nieminen & Heikkilä). 271
Editorial: Connexions, relations, discordance, and distorsions (Macartney *et al.*). 323
Dietary cholesterol, plasma cholesterol and coronary heart disease (Oliver). 214

The journal and SI units, 213
Torsade de pointes, an atypical ventricular tachycardia (Krinkler & Curry). 117: (Krikler, Curry and Evans). 311, *P.*
Transcutaneous aortovelography. A new window on the circulation (Light). 433

Ejection fraction
comparison of measurement by radioisotope techniques and by cineangiography (Muir *et al.*). 875, *P.*
comparison of single and biplane, in ischaemic heart disease (Walsh *et al.*). 388
left ventricular, determination by quantitative radionuclide angiocardiography (Kurtz *et al.*), 966

Ejection time
left ventricular — heart rate, relationships (Lance & Spodick). 1332
pre-ejection/left ventricular ratio, uncorrected, influence of heart rate, normal individuals (Cokkinos *et al.*). 683

Electrical alternans, TU wave in Romano-Ward syndrome: case report (Hiejima & Sano). 767

Electrocardiography
12- and 3-lead, in coronary artery disease (Murray *et al.*). 773
15-lead system, computer-aided, diagnostic criteria (Talbot *et al.*). 1247
prognostic value in endocardial fibroelastosis (Danilowicz). 516
postexercise, effect of oestrogens on (Jaffe). 1299
resting, vigorous exercise in leisure time, and coronary risk factors, civil servants (Epstein *et al.*). 403
serial 3 orthogonal lead, abnormalities after pulmonary embolism, computer assisted study (Dunn *et al.*). 589
Third International Congress, Brussels, 28–30 June 1976, announcement, 322

Electrophysiology
clinical, evaluation in sinoatrial disease (Crook *et al.*). 879, *P.*
effect of mexiletine, man (Roos *et al.*). 1262
properties of AV conducting system, and monophasic action potentials of right atrium in hypothyroidism (Gavrilescu *et al.*). 1350

Embolism, pulmonary, serial 3 orthogonal lead electrocardiographic abnormalities after, computer assisted study (Dunn *et al.*). 589

Embolization, calcific coronary, associated with cardiac valve replacement (Steiner *et al.*). 816

Endocardial
cushion defects, anatomical study of 54 specimens (Ugarte *et al.*). 674
with cross-sectional and M-mode scanning echocardiography, differentiation from secundum atrial septal defect (Beppu *et al.*). 911
fibroelastosis, prognostic value of electrocardiogram (Danilowicz). 516

Endocarditis
infective, echocardiography (Sutton *et al.*). 312, *P.*
Löffler's eosinophilic, clinical, haemodynamic, and angiographic findings (Bell *et al.*). 541

Endomyocardial fibrosis
associated with daunorubicin therapy: case report (Wilcox *et al.*). 860
differential diagnosis (Falase *et al.*). 369

Enzymes
cellular implication of leakage in myocardial damage (Hearse). 320, *P.*
serum changes, significance after cardiac catheterization and selective coronary arteriography (Hori *et al.*). 97

Eosinophilic endocarditis, Löffler's, clinical haemodynamic and angiographic findings (Bell *et al.*). 541

Escape-capture bigeminy caused by blocked atrial extrasystoles: correspondence (Jamaluddin: Dubb & Schamroth). 883

Exercise
isometric and dynamic, incidence of arrhythmias induced by (Atkins *et al.*). 465
left ventriculography in ischaemic heart disease (Sharma *et al.*). 59
test, design with reference to heart patients (Åström & Jonsson). 289
maximal, in variant angina: correspondence (De Swiet: Detry *et al.*). 655
vigorous, in leisure time, coronary risk factors, and resting ECG, civil servants (Epstein *et al.*). 403

Fallot's tetralogy, total correction, postoperative haemodynamic assessment (Finnegan *et al.*). 315, *P.*

Fibrillation
atrial, transient, after minor head injury (Marshall). 984
ventricular, primary, ECG antecedents value of R-on-T phenomenon in myocardial infarction (El-Sherif *et al.*). 415

Fibrinogen, radiolabelled, in identification of coronary thrombotic occlusion in fatal myocardial infarction (Fulton & Sumner). 880, *P.*

Fibrinolytic
activity and risk factors for coronary heart disease (Shaper & Marsh). 313, *P.*
therapy, controlled trial in unstable angina (Lawrence *et al.*). 873, *P.*

Fibrosis
endomyocardial, *see* Endomyocardial fibrosis
myocardial, and heart failure, following craniocerebral injury (Rajs). 396

Fistula, pulmonary arteriovenous, massive, newborn (Clarke *et al.*). 1092

Friedreich's ataxia, with hypertrophic obstructive cardiomyopathy (Van der Hauwaert & Dumoulin). 1291

Fungal verruca, attached to mitral valve, echocardiographic diagnosis: case report (Pasternak *et al.*). 1209

Glycoside inotropy and K+efflux in presence of acidosis (Poole-Wilson). 320, *P.*

Graft
aortocoronary bypass, pathology of hearts after (Heard). 838
coronary artery bypass, and incidence of myocardial infarction (Yacoub *et al.*). 315, *P.*
coronary vein, watershed (Rees). 197

Graft, *see also* Bypass: Xenograft

Granulomatous mitral valve obstruction: case report (Fitchett & Oakley). 112

Great arteries
anatomically corrected malposition: correspondence (Thiene & Gallucci: Anderson *et al.*). 657
transposition, *see* Transposition

Handgrip, sustained, and Valsalva manoeuvre, interaction between cardiovascular responses (Ewing *et al.*). 483

Head injury, minor, followed by transient atrial fibrillation (Marshall). 984

Heart
attack, anxiety after (Dellipiani *et al.*). 752
block, complicating diphtheritic myocarditis, successful electrical pacing: case report, 423
congenital, EM study of myocardial biopsy material: correspondence (Simpson: Ludatscher). 431
surgically induced, sinus rhythm reversion 11 years after: case report (Reid *et al.*). 1217
failure and cardiogenic shock in myocardial infarction, pathology of coronary arteries (Wackers *et al.*). 906
effects of potassium-sparing diuretics (Nicholls *et al.*). 1025
and myocardial fibrosis, following craniocerebral injury (Rajs). 396

severe, treated, plasma aldosterone levels (Hamer *et al.*). 534, *P.*
involvement in hypertension, 50-year-old men (Wikstrand *et al.*). 779
normal human, rhythm (Clarke *et al.*). 882, *P.*
pathology after aortocoronary bypass surgery (Heard). 838
rate, adaptation of left ventricle to sudden changes with artificial pacemakers (Karloff *et al.*). 537, *P.*
influence on uncorrected pre-ejection period/left ventricular ejection time ratio in normal individuals (Cokkinos *et al.*). 683
left ventricular ejection time relations (Lance & Spodick). 1332
size, longitudinal study, older people (Lauder & Milne). 1286
Hemiblock, left anterior, histopathology of conducting system in (Rossi). 1304
Hepatic failure, fulminant, frequency of arrhythmias and other cardiac abnormalities (Weston *et al.*). 1179
His bundle
block, chronic, clinical, electrophysiological and follow-up studies, 16 patients (Gupta *et al.*). 1343
deflection, retrograde, in bundle-branch re-entry: case report (Castellanos *et al.*). 301
recordings in diagnosis of impulse formation in Kent and Mahaim tracts (Castellanos *et al.*). 1173
retrograde conduction in complete atrioventricular block (Touboul *et al.*). 706
Hydatid
disease of the heart: case report (Fawzy). 307
embolization, pulmonary, two cases and review (Palant *et al.*). 1086
Hypertension
change in symptoms after referral to hospital clinic (Bulpitt *et al.*). 121
heart involvement, 50-year-old men (Wikstrand *et al.*). 779
plasma urea in (Bulpitt & Breckenridge). 689
policy for treatment: correspondence (Douglas-Wilson: Short). 539
primary pulmonary, regression (Bourdillon & Oakley). 264
Hypertrophic obstructive cardiomyopathy
B-scan ultrasonography (Cohen *et al.*). 595
effect of acute administration of propranolol (Saenz de la Calzada *et al.*). 798
in Friedreich's ataxia (Van der Hauwaert & Dumoulin). 1291
left ventricular pressure-volume relations, effect of beta blockade (Raphael *et al.*). 537, *P.*
motion of mitral apparatus (Roger). 732
systolic anterior motion of mitral valve leaflets in (Gehrke). 314, *P.*
Hypokalaemia, and potassium loss, inducing cardiac arrhythmias during maintenance digoxin therapy (Steiness & Olesen). 167
Hypotension, idiopathic orthostatic, localization of lesion: correspondence (Spalding: Ibrahim). 999
Hypothermia, in aortic valve surgery without coronary perfusion (Kugelberg & Persson). 533, *P.*

Idiopathic orthostatic hypotension, localization of lesion: correspondence (Spalding: Ibrahim). 999
Idioventricular rhythm, associated with ventricular extrasystoles and ventricular tachycardia (Talbot & Greaves). 457
Iliac compliance, anomalous, with single umbilical artery (Berry *et al.*). 510
'Incessant' tachycardias in Wolff-Parkinson-White syndrome, I. Initiation without antecedent extrasystoles or PR lengthening, with reference to reciprocation after shortening of cycle length (Krikler *et al.*). 885, II. Role of atypical cycle length dependency and nodal-His escape beats in initiating reciprocating tachycardias (Coumel *et al.*). 897
Infarct size, clinical prospects for reducing (Chamberlain). 319, *P.*
International Congress, third, electrocardiography, Brussels, 28–30 June 1976, announcement. 322
Interventricular septum
in constrictive pericarditis, echocardiography (Gibson *et al.*). 738
rupture, electrocardiogram in: case report (Kerr & Haywood). 1098
Intra-aortic balloon assistance in cardiogenic shock after myocardial infarction or cardiac surgery (Jackson *et al.*). 316, *P.*
Ischaemia
myocardial cellular implications of enzyme damage (Hearse). 320, *P.*
continuous recording of praecordial ST segment elevation during (Luxton *et al.*). 531, *P.*
early, prognosis (Rose *et al.*). 313, *P.*
effect of therapeutic intervention and preservation of useful functioning myocardium (Thomas). 319, *P.*
subendocardial, assessment in bypass surgery (Wittig *et al.*). 876, *P.*
Ischaemic heart disease
analysis of coronary collaterals in, angiography during pacing-induced ischaemia (Frick *et al.*). 186
anxiety after (Dellipiani *et al.*). 752
comparison of single and biplane ejection fractions (Walsh *et al.*). 388
left ventricular angiography on exercise (Sharma *et al.*). 59
'Isolated' pulmonary valve stenosis, a possible misnomer (Somerville & Beçu). 316, *P.*
Isoprenaline
and dobutamine, comparison of cardiovascular effects in open heart surgery (Kersting *et al.*). 622
and tachycardia, effects on coronary blood flow, pathogenesis of myocardial infarction (Rickards *et al.*). 881, *P.*
Isotope electrocardiograph-gated angiocardiography (Raina *et al.*). 318, *P.*
Isovolumic relaxation period and opening snap, relation to mitral valve flow in mitral stenosis (Kalmanson *et al.*). 135

K^+ efflux and glycoside inotropy in presence of acidosis (Poole-Wilson). 320, *P.*
Kent and Mahaim tracts, His bundle recordings in diagnosis of impulse formation (Castellanos *et al.*). 1173
Klippel-Feil syndrome associated with aortic coarctation: case report (Falk & Mackinnon). 1220

Lactate metabolism, myocardial, and coronary venous phosphate in cyanotic congenital heart disease (Opie *et al.*). 876, *P.*
Lignocaine hydrochloride, effect of therapeutic doses on effective refractory period of right ventricle (Olsson *et al.*). 536, *P.*
Lillehei-Kaster disc valve prosthesis, haemolysis after (Nitter-Hauge). 977
Linear densities in mitochondria of myocardial cells (Koke *et al.*). 790
Lipoprotein levels, apparently healthy men and women, west of Scotland (Jubb *et al.*). 1189
Löffler's eosinophilic endocarditis, clinical haemodynamic, and angiographic findings (Bell *et al.*). 541
Lown-Ganong-Levine syndrome variants (Befeler *et al.*). 173

Mahaim and Kent tracts, His bundle recordings in diagnosis of impulse formation (Castellanos *et al.*). 1173
Metoprolol, in angina pectoris, subacute study with exercise tests (Ekelund *et al.*). 155
Mexiletine
clinical electrophysiological effects, and its mechanism of antidysrhythmic action (McComish *et al.*). 311, *P.*
electrophysiological effects, man (Roos *et al.*). 1262

Miguel Servet Competition for Spanish Doctors living outside Spain, announcement. 322
Mitochondria, linear densities in (Koke *et al.*). 790
Mitral
apparatus, motion, in hypertrophic obstructive cardiomyopathy (Rodger). 732
chordae tendineae, rupture, in congenital aortic valve disease (Joseph *et al.*). 665
disease, regional pulmonary blood flow in, xenon spirometry (Anderson *et al.*). 573
leaflet prolapse, clinical features and investigative findings, 85 patients (Malcolm *et al.*). 244
exercise in, electrocardiographic response (Malcolm). 881, *P.*
in hypertrophic cardiomyopathy, systolic anterior motion of (Gehrke). 314, *P.*
velocity, instantaneous, relation to left ventricular wall movement, normal (Upton *et al.*). 51
regurgitation, acute massive, from prosthetic valve dysfunction (Cooper & Sturridge). 701
repair, paediatric age-group (Radley-Smith *et al.*). 535, *P.*
stenosis, echocardiographic diagnosis (Lundström). 534, *P.*
mitral valve flow in, relation to opening snap and isovolumic relaxation period (Kalmanson *et al.*). 135
valve, angiographic/pathological correlations in congenital anomalies (Scott *et al.*). 318, *P.*
balloon deformity, ventricular arrhythmias, definition of possible high risk group (Campbell *et al.*). 1053
calcification, echocardiographic assessment (Raj *et al.*). 81
flow, in mitral stenosis, relation to opening snap and isovolumic relaxation period (Kalmanson *et al.*). 135
obstruction, granulomatous: case report (Fitchett & Oakley). 112
prolapse, propranolol therapy, echocardiographic evaluation (Winkle *et al.*). 129
replacement with Björk-Shiley and Lillehei-Kaster disc valve prosthesis (Nitter-Hauge) 977
Mobitz II AV block within the His bundle, with progression to complete heart block: case report (Amuchástegui *et al.*). 868
Monophasic action potentials in hypothyroidism (Gavrilescu *et al.*). 1350
Mortality risk, prediction in myocardial infarction (Forssell *et al.*). 531, *P.*
Murmurs, praecordial vibratory, innocent, children: correspondence (Wong *et al.*: Van Der Hoeven and de Monchy). 309
Muscle potentials simulating pacemaker malfunction: case report (Williams & Thomas). 1096
Mustard operation
in pulmonary vascular disease (Stark *et al.*). 317, *P.*
in transposition of great arteries (Sørland *et al.*). 584
for transposition of great arteries, haemodynamics after (Silove & Taylor). 1037
Myocardial
biopsy material, EM study, in congenital heart block: correspondence (Simpson: Ludatscher). 431
damage, cellular implication of enzyme leakage (Hearse). 320, *P.*
ST segment mapping (Wittig). 320, *P.*
fibrosis, and heart failure, following craniocerebral injury (Rajs). 396
imaging, with technetium-99m stannous polyphosphate, clinical experience (Gould *et al.*). 744
infarction
during antihypertensive therapy, discriminant function analysis, male patients (Smith & Simpson). 1194
effect of beta-blocking agents on chest pain, ECG, and heart function (Hjalmarson *et al.*). 530, *P.*
creatine kinase MB isoenzyme studies in diagnosis (Smith *et al.*). 225
developing cardiac rupture as initial sign (Van Martgem & Becker). 1073
diazepam use (Melsom *et al.*). 804
early closure of ventricular septal defect complicating (Davidson *et al.*). 874, *P.*
echoventriculography. II. Monitoring of left ventricular performance (Nieminen & Heikkilä). 271
evaluation of praecordial ST segment mapping (Thompson & Katavatis). 1020
failure of ST segment elevation to predict severity (Norris *et al.*). 85
formation of coronary arterial thrombi in relation to onset of necrosis (Erhardt *et al.*). 531, *P.*
incidence in coronary artery bypass grafting (Yacoub *et al.*). 315, *P.*
intra-aortic balloon assistance in cardiogenic shock after (Jackson *et al.*). 316, *P.*
intravenous nitroglycerin effects on left ventricular function and ST segment changes (Flaherty *et al.*). 612
mortality risk, prediction (Forsell *et al.*). 531, *P.*
pathology, reference to occlusive coronary thrombi (Davies *et al.*). 659
plasma zinc in, diagnostic and prognostic implications (Low & Ikram). 1339
R-on-T phenomenon in, ECG antecedents of primary ventricular fibrillation (El-Sherif *et al.*). 415
radiolabelled fibrinogen, autoradiography, and stereoarteriography in identification of coronary thrombotic occlusion (Fulton & Sumner). 880, *P.*
sinoatrial disease, long-term prognosis (Hatle *et al.*). 410
sinus node dysfunction in (Parameswaran *et al.*). 93
sustained release procainamide in (Birkhead *et al.*). 77
ventricular arrhythmias during, natural history (Oliver *et al.*). 881, *P.*
ventricular arrhythmias three weeks later, and one year later (Rehnqvist & Sjögren). 532, *P.*
ventricular extrasystoles and ventricular tachycardia, association of, with idioventricular rhythm (Talbot & Greaves). 457
in young men, study of risk factors in nine countries: correspondence (Wadia *et al.*) 540
see also Coronary artery obstruction
Myocardial
ischaemia, early, prognosis (Rose *et al.*). 313, *P.*
effect of therapeutic intervention and preservation of useful functioning myocardium (Thomas). 319, *P.*
Myocarditis, diphtheritic, complicated by heart block, successful electrical pacing: case report (Matisonn *et al.*). 423
Myocardium, viscous properties, cat (Noble). 538, *P.*
Myopathy, centronuclear, familial, associated with cardiomyopathy (Verhiest *et al.*). 504
Myxoma
left atrial, echocardiographic diagnosis, suprasternal approach (Petsas *et al.*). 627
right atrial, angiographic demonstration of blood supply: case report (Berman *et al.*). 764
see also Atrial tumour

Nitroglycerin
intravenous, effects on left ventricular infarction and ST segments in acute myocardial infarction (Flaherty *et al.*). 612
ointment, sustained haemodynamic action (Meister *et al.*). 1031
sublingual, effect on cardiac performance in coronary artery disease and non-dyskinetic left ventricular contraction, (Hardarson & Wright). 1272
Non-ejection systolic clicks and mitral systolic murmurs, Black schoolchildren, Soweto (McLaren *et al.*). 718

Nuclear medicine, cardiovascular, Baltimore, 11 and 12 March 1976, announcement. 203

Obituary, Sir John Parkinson, 1885–1976. 1105
Oestrogens, effect on postexercise electrocardiogram (Jaffe). 1299
Open heart surgery
  closure of pericardium after, prevention of postoperative cardiac tamponade (Nandi *et al.*). 1319
  comparison of cardiovascular effects of dobutamine and isoprenaline (Kersting *et al.*). 622
  use of extractable aortic flow probe (Lewis *et al.*). 316, *P.*
Opening snap and isovolumic relaxation period, relation to mitral valve flow in mitral stenosis (Kalmanson *et al.*). 135
Ophthalmoplegia, chronic progressive external, cardiac abnormalities: case report (McComish *et al.*). 526
Ostegenesis imperfecta, associated with aortic regurgitation, successful aortic valve replacement: correspondence (Pijoan de Beristain). 310
Oxygen
  breathing, response, in differential diagnosis in congenital heart disease in infancy (Jones *et al.*). 314, *P.*
  consumption in congenital heart disease, effect of environmental temperatures, infants (Kappagoda & Macartney). 1
  tension, arterial, in differential diagnosis of congenital heart disease in infancy (Jones *et al.*). 314, *P.*

Pacemakers
  artificial, adaptation of left ventricle to sudden changes in heart rate (Karlöff *et al.*). 537, *P.*
  demand, inhibition, caused by potentials associated with inspiration: case report (Peter *et al.*). 211
  fatal outcome arising from use of sutureless 'corkscrew' epicardial pacing electrode inserted into apex of left ventricle: case report (Vecht *et al.*). 1359
  malfunction, muscle potentials simulating: case report (Williams & Thomas). 1096
  and ventricle, Wenckebach phenomenon (Klein *et al.*). 961
  Wenckebach phenomenon in exit area from transvenous pacing electrode: case report (Peter *et al.*). 201
Pacing
  effect of site on QRS morphology in Wolff-Parkinson-White syndrome (Castellanos *et al.*). 363
  induced, angina pectoris, constancy of pressure-rate product (Cokkinos & Voridis). 39
  ischaemia, angiography during, analysis of coronary collaterals (Frick *et al.*). 186
  successful in diphtheritic myocarditis complicated by heart block: case report (Matisonn *et al.*). 423
  system, scanning, in management of paroxysmal supraventricular tachycardia (Spurrell & Sowton). 536, *P.*
Pancarditis in African trypanosomiasis (Poltera *et al.*). 827
Parasystolic tachycardia, multifocal ventricular, two cases (Robles de Medina). 1047
Parkinson, Sir John, 1885–1976, Obituary, 1105
Paroxysmal
  re-entry sinus tachycardia (Curry *et al.*). 311, *P.*
  supraventricular tachycardia, management using scanning pacing system (Spurrell & Sowton). 536, *P.*
  tachycardia, intractable, caused by a concealed retrogradely conducting Kent bundle: case report (Denes *et al.*). 758
Pathology, cardiac, Symposium, British Cardiac Society, Birmingham, 23 September 1975. 200
D-Penicillamine, treatment of scleroderma heart: case report (Muers & Stokes). 864
Pericarditis, constrictive
  and cardiomyopathy, systolic time intervals in diagnosis (Ghose *et al.*). 47
  echocardiographic study of interventricular septum in (Gibson *et al.*). 738
  and restrictive cardiomyopathy, systolic time intervals in diagnosis (Khullar & Lewis). 43
  uraemic, diagnosis and successful surgical treatment: case report (Jenzer *et al.*). 304
Pericardium
  angiosarcoma, diagnosis and management (Poole-Wilson *et al.*). 240
  closure after open heart surgery, to prevent postoperative cardiac tamponade (Nandi *et al.*). 1319
Phenytoin and procainamide, comparison (Karlsson & Sievers). 532, *P.*
Phosphate, coronary venous, and myocardial lactate metabolism, in cyanotic congenital heart disease (Opie *et al.*). 876, *P.*
Pituitary-adrenal axis during cardiopulmonary bypass (Taylor). 321, *P.*
Potassium
  loss and hypokalaemia inducing cardiac arrhythmias during maintenance digoxin therapy (Steiness & Olesen). 167
  sparing diuretics, effects on renin-angiotensin-aldosterone system, and on potassium retention in heart failure (Nicholls *et al.*). 1025
Potentials, muscle, and inhibition of demand pacemakers: case report (Peter *et al.*). 211
Praecordial vibratory murmurs, innocent, in children: correspondence (Wong *et al.*: Van der Hoeven and de Monchy). 309
Pre-excitation
  atrioventricular conduction, spontaneous variations: case report (Parameswaran *et al.*). 427
  ventricular, anatomy (Becker *et al.*). 879, *P.*
Pregnancy after valve replacement (Oakley & Doherty). 1140, 876, *P.*
Pressure-rate product, constancy in pacing-induced angina pectoris (Cokkinos & Voridis). 39
Procainamide
  and phenytoin, comparison (Karlsson & Sievers). 532, *P.*
  sustained released, in myocardial infarction (Birkhead *et al.*). 77
Proceedings, British Cardiac Society, Autumn Meeting, London, 13 and 14 November 1975. 311: 55th Annual General Meeting, Edinburgh, 31 March and 1 April 1976. 873: joint symposium with Cardiac Muscle Research Group, 319: Swedish Society of Cardiology and British Cardiac Society, joint meeting, Stockholm, 31 August to 3 September 1975. 530
Propranolol
  administration, long-term, effects remaining after withdrawal (Brundin *et al.*). 1065
  effect of acute administration in hypertrophic obstructive cardiomyopathy (Saenz de la Calzada *et al.*). 798
  therapy, for mitral valve prolapse, echocardiagraphic evaluation (Winkle *et al.*). 129
Prostaglandin E_2, in emergency treatment of certain cyanotic heart defects (Olley & Coceani). 877, *P.*
Pulmonary
  arterial banding operation, second heart sound after (Cumming). 497
  arteriovenous fistula, massive, newborn (Clarke *et al.*). 1092
  atresia, assessment by lung imaging of pulmonary perfusion (Lipscombe *et al.*). 877, *P.*
    homograft reconstruction of right ventricular outflow tract in, late results (Ross & Summerville). 316, *P.*
    with intact ventricular septum, surgical treatment (Trusler *et al.*). 957
  autograft for aortic valve disease, 3 to 8 years later (Saravalli *et al.*). 533, *P.*
  blood flow, regional, in mitral disease, xenon spirometry (Andersen *et al.*). 573
  embolism, serial 3 orthogonal lead electrocardiographic ab-

normalities after, computer assisted study (Dunn *et al.*). 589
hydatid embolization, two cases and review (Palant *et al.*). 1086
hypertension, primary, regression (Bourdillon & Oakley). 264
valve stenosis, 'isolated', a possible misnomer (Somerville & Beçu). 316, *P.*
isolated, as part of more widespread cardiovascular disease (Beçu *et al.*). 472
vascular disease, Mustard operation (Stark *et al.*). 317, *P.*
venous drainage, total anomalous, correction in infancy (Clarke *et al.*). 879, *P.*
Pyrophosphate, 99 mTc, and 201 tallium, myocardial scintigraphy (Lessem *et al.*). 531, *P.*

Quinidine
in pseudo second degree atrioventricular block with bradycardia: case report (Dhurandhar *et al.*). 1363
short-acting and long-acting, comparative efficacy for maintenance of sinus rhythm (Normand *et al.*). 381
QRS morphology in Wolff-Parkinson-White syndrome, effects of pacing site (Castellanos *et al.*). 363

R-on-T phenomenon, in myocardial infarction, primary ventricular fibrillation (El-Sherif *et al.*). 415
Radiosotopes in Cardiology, symposium, London, 29 September 1976, announcement. 658
Radionuclide angiocardiography, quantitative, determination of left ventricular ejection fraction (Kurtz *et al.*). 966
Rastelli operation, in transposition, VSD and LVOTO (Daenen *et al.*). 878, *P.*
Regurgitation
aortic rheumatic, natural history and indications for surgery (Smith *et al.*). 147, erratum 998
severe correction, non-invasive assessment of left ventricular function after (Venco *et al.*). 1324
mitral, acute massive, from prosthetic valve dysfunction (Cooper & Sturridge). 701
repair, paediatric age-group (Radley-Smith *et al.*). 535, *P.*
Relations in cardiac anomalies: editorial (Macartney *et al.*). 323
Relaxation, left ventricular wall movement, during relation to coronary artery disease (Gibson *et al.*). 1010
Renal failure, chronic, left ventricular function, 14 patients (Lewis *et al.*). 1229
Renin-angiotensin-aldosterone system in heart failure, effect of potassium-sparing diuretics (Nicholls *et al.*). 1025
Retrograde
atrial activation, pattern, bipolar catheter electrograms for study, patients without pre-excitation syndromes (Agha *et al.*). 641
catheter mapping, during ventricular pacing and AV nodal re-entrant paroxysmal tachycardia (Amat-y-Leon *et al.*). 355
conduction, in complete atrioventricular block, using His bundle recordings (Touboul *et al.*). 706
in ventricular tachycardia. Simplified diagnostic approach: correspondence (Marriott: Evans). 771
His bundle deflection in bundle-branch re-entry: case report (Castellanos *et al.*). 301
Revascularization, improvement in exertional left ventricular dysfunction: case report (Gey *et al.*). 1101
Rheumatic aortic regurgitation, natural history and indications for surgery (Smith *et al.*). 147, erratum 998
Rhythm of normal human heart (Clarke *et al.*). 882, *P.*
Romano-Ward syndrome, electrical alternans of TU wave in: case report (Hiejima & Sano). 767
Rules, diagnosis, atrioventricular discordances and spatial identification of ventricles (de la Cruz *et al.*). 341; editorial (Macartney). 323
Scanning, heart, with $^{99}Tc^{m}$ stannous pyrophosphate (Wakley *et al.*). 312, *P.*
Scintigraphy, myocardial, with 99 mTc pyrophosphate and 201 tallium (Lessem *et al.*). 531, *P.*
Scleroderma heart, treated by D-penicillamine: case report (Muers & Stokes). 864
Second heart sound after pulmonary arterial banding operation (Cumming). 497
Secundum atrial septal defect, association with abnormalities of atrioventricular conduction or left axis deviation: a new syndrome (Emanuel *et al.*). 536, *P.*
Septal rupture, interventricular, electrocardiogram in: case report (Kerr & Haywood). 1098
Sequential chamber localization—logical approach to diagnosis in congenital heart disease: invited article (Shinebourne *et al.*). 327
Shock, cardiogenic, intra-aortic balloon assistance after myocardial infarction or cardiac surgery (Jackson *et al.*). 316, *P.*
SI units and the *British Heart Journal*: editorial, 213
use in cardiovascular studies (Kappagoda & Linden). 219
Sinoatrial disease
in acute myocardial infarction long-term prognosis (Hatle *et al.*). 410
clinical electrophysiology, evaluation (Crook *et al.*). 879, *P.*
node dysfunction, familial, increased vagal tone a possible aetiology (Caralis & Varghese). 951
Sinus
node dysfunction in acute myocardial infarction (Parameswaran *et al.*). 93
rhythm, maintenance, comparative efficacy of short-acting and long-acting quinidine (Normand *et al.*). 381
rhythm reversion 11 years after surgically induced heart block: case report (Reid *et al.*). 1217
Smoking, cigarette, effect on development of deep venous thrombosis after myocardial infarction (Hayes *et al.*). 981
Spanish doctors outside Spain, Miguel Servet Competition, announcement. 322
ST segment
elevation, failure to predict severity of acute myocardial infarction (Norris *et al.*). 85
praecordial, continuous recording during myocardial ischaemia (Luxton *et al.*). 531, *P.*
mapping, evaluation in acute myocardial infarction (Thompson and Katavatis). 1020
and reflection of myocardial damage (Wittig). 320, *P.*
Stiff heart syndome, functional defect in amyloid heart disease (Chew *et al.*). 537, *P.*
Subaortic stenosis, idiopathic hypertrophic, *see* Hypertrophic obstructive cardiomyopathy
Sudden cardiac death and mobile coronary care: correspondence (Harrison *et al.*: Myers & Dewar). 997
'Supernormal' phase in hemiblock conduction: case report (Schamroth). 207
Supraventricular tachycardia
autonomic features (Dighton). 319, *P.*
significance of cycle length alternation during drug treatment of (Curry & Krikler). 882, *P.*
Surgery, cardiac
biloculate false aneurysm of the right ventricle after: case report (Samarrai *et al.*). 297
intra-aortic balloon assistance in cardiogenic shock after (Jackson *et al.*). 316, *P.*
see also Bypass surgery: Mustard's operation
Symposium, British Cardiac Society jointly with Cardiac Muscle Research Group. 319, *P.*
Systolic murmurs, mitral, and non-ejection systolic clicks, Black schoolchildren, Soweto (McLaren *et al.*). 718

Systolic time intervals
in diagnosis of constrictive pericarditis and restrictive cardiomyopathy (Khullar & Lewis). 43
in diagnosis of constrictive pericarditis and cardiomyopathy (Ghose *et al.*). 47

Tachycardia
intractable paroxysmal, caused by a concealed retrogradely conducting Kent bundle: case report (Denes *et al.*). 758
and isoprenaline, effects on coronary blood flow, pathogenesis of myocardial infarction (Rickards *et al.*). 881, *P.*
multifocal ventricular parasystolic, two cases (Robles de Medina). 1047
paroxysmal, re-entry sinus (Curry *et al.*). 311, *P.*
supraventricular, management using scanning pacing system (Spurrell & Sowton). 536, *P.*
supraventricular, autonomic features (Dighton). 319, *P.*
cycle length alternation during drug treatment (Curry & Krikler). 882, *P.*
ventricular, atypical—*torsade de pointes*: editorial (Krikler & Curry). 117; (Krikler, Curry and Evans). 311, *P.*
with retrograde conduction. Simplified diagnostic approach: correspondence (Marriott: Evans). 771
and ventricular extrasystoles, with idioventricular rhythm (Talbot & Greaves). 457
see also 'Incessant' tachycardias
Tallium 201, and 99 mTc pyrophosphate, myocardial scintigraphy (Lessem *et al.*). 531, *P.*
Technetium-99m
stannous polyphosphate for myocardial imaging, clinical experience (Gould *et al.*). 744
pyrophosphate, use in heart scanning (Wakley *et al.*). 312, *P.*
Temperatures, environmental, effect on oxygen consumption in congenital heart disease, infants (Kappagoda & Macartney). 1
Tetralogy of Fallot
risk factors associated with complete repair (Richardson & Clarke). 926
total correction, long-term haemodynamic evaluation (Finnegan *et al.*). 934
Therapeutic intervention, in acute myocardial ischaemia, and preservation of useful functioning myocardium (Thomas). 319, *P.*
Third International Congress in Electrocardiography, Brussels, 28–30 June 1976, announcement. 322
Thrombi, coronary arterial
formation in myocardial infarction, in relation to onset of necrosis (Erhardt *et al.*). 531, *P.*
occlusive, and pathology of acute myocardial infarction (Davies *et al.*). 659
Thromboembolic complications after aortic valve replacement: comparative study (Meistrell & Yates). 314, *P.*
Thrombosis, deep venous, after myocardial infarction, lack of effect of bed rest and cigarette smoking (Hayes *et al.*). 981
Thyroid stimulating hormone levels in atrial dysrhythmias (Myers *et al.*). 314, *P.*
Torsade de pointes
an atypical ventricular tachycardia editorial (Krikler & Curry), 117; (Krikler, Curry, and Evans). 311, *P.*
with conduction disturbances, histopathological findings (Rossi & Matturri). 1312
Total anomalous pulmonary venous drainage, correction in infancy (Clarke *et al.*). 879, *P.*
Transcutaneous aortovelography
editorial (Light). 433
potentially useful technique in management of critically ill patients (Buchtal *et al.*). 451
quantitative evaluation (Sequiera *et al.*). 443
Transplants, cardiac, left ventricular, arrhythmias in two patients (Kennelly *et al.*). 725
Transposition, great arteries
congenitally corrected, 101 cases (Bjarke & Kidd). 535, *P.*
corrected, echocardiographic diagnosis (Beardshaw *et al.*). 878, *P.*
haemodynamics after Mustard's operation (Silove & Taylor). 1037
Mustard's operation in paediatric patients (Sørland *et al.*). 584
restrictive VSD and acquired pulmonary atresia, treatment with left ventricle to pulmonary artery conduit: case report (Singh *et al.*). 1213
ventricular septal defects, and left ventricular outflow tract obstruction, 23 Rastelli operations (Daenen *et al.*). 878, *P.*
& ventricular septal defect, Mustard's operation (Yacoub & Radley-Smith). 878, *P.*
Tricuspid
atresia, morphology and classification (Anderson *et al.*). 317, *P.*
prosthesis, Björk-Shiley, thrombotic jamming: case report (Raj *et al.*). 1355
valve, Ebstein's anomaly, imperforate: correspondence (Rao: Gerlis & Anderson). 1108
giant blood cyst, infant: case report (Gallucci *et al.*). 990
Truncus arteriosus communis, anatomical study, with embryological and surgical considerations (Thiene *et al.*). 1109
Trypanosomiasis, African, pancarditis affecting (Poltera *et al.*). 827
TU wave, electrical alternans, in Romano-Ward syndrome (Hiejima & Sano). 767
Tumour, atrial, echocardiographic pattern of motion (Farooki *et al.*). 580

Ultrasonography, B-scan in idiopathic hypertrophic subaortic stenosis (Cohen *et al.*). 595
Umbilical artery, single, anomalous iliac compliance in (Berry *et al.*). 510
Univentricular hearts, morphogenesis (Anderson *et al.*). 558
Urea, plasma, in hypertension (Bulpitt & Breckenridge). 689

Valsalva manoeuvre and sustained handgrip, interaction between cardiovascular responses (Ewing *et al.*). 483
Valve replacement
acute massive mitral regurgitation from dysfunction (Cooper & Sturridge). 701
Björk-Shiley, in tricuspid position, malfunction (Bourdillon & Sharratt). 1149; thrombotic jamming: case report (Raj *et al.*). 1355
cardiac, and calcific coronary embolization (Steiner *et al.*). 816
haemolysis after (Nitter-Hauge). 977
pregnancy after (Oakley & Doherty). 1140, 876, *P.*
Vasodilator
and beta-receptor blocking agent combination in long-term antihypertensive treatment. Haemodynamic adaptation (Koch). 1240
therapy in congestive cardiomyopathy, circulatory response (Rossen *et al.*). 695
Vectorcardiographic study of aberrant ventricular conduction (Kulbertus *et al.*). 549
Ventricle, ventricular
arrhythmias after myocardial infarction, three weeks later and one year later (Rehnqvist & Sjögren). 532, *P.*
in syndrome of balloon deformity of mitral valve, definition of possible high risk group (Campbell *et al.*). 1053
extrasystoles and ventricular tachycardia, with idioventricular rhythm (Talbot & Greaves). 457
fibrillation, primary, ECG antecedents, value of R-on-T phenomenon in myocardial infarction (El-Sherif *et al.*). 415

Ventricle, left, *continued*
left, adaptation to sudden changes in heart rate in patients with artificial pacemakers (Karlöff *et al.*). 537, *P.*
aneurysm, annular subvalvular, two cases, Brazil (Guimarães *et al.*). 1080
complicating cardiomyopathy in children (Alday *et al.*). 162
postinfarction, surgical treatment, 32 patients (Donaldson *et al.*). 1223
angiography, on exercise, function in ischaemic heart disease (Sharma *et al.*). 59
contraction, and coronary heart disease, effect of sublingual nitroglycerin (Hardarson & Wright). 1272
dimensions, and cavity and wall volume estimations, within-patient test of reliability of echocardiography (Bennett & Rowlands). 312, *P.*
and volumes, test of echocardiographic estimation (Bennett & Rowlands). 1133
dysfunction, exertional, improvement after revascularization: case report (Gey *et al.*). 1101
echoventriculography to monitor performance in myocardial infarction (Nieminen & Heikkilä). 271
ejection time, duration of diastole of diastole versus cycle length as correlates (Weisdorf & Spodick). 282
evaluation of performance in coronary artery disease, use of non-invasive methods, part II (Meng *et al.*). 1166
function, after aortic valve replacement (Seabra-Gomes *et al.*). 491
assessment by indices derived from aortic flow velocity (Kolettis *et al.*). 18
assessment from simultaneous echocardiographic and pressure measurements (Gibson & Brown). 8
before and after aortic valve replacement (Sutton *et al.*). 874, *P.*
in chronic renal failure (Lewis *et al.*). 1229
non-invasive assessment after correction of severe aortic regurgitation (Venco *et al.*). 1324
outflow tract obstruction, VSD and transposition, 23 Rastelli operation (Daenen). 878, *P.*
perforation, intraoperative, with false aneurysm formation (Sharratt *et al.*). 1154
pressure, and praecordial accelerocardiogram, correlation between (Hume *et al.*). 233
pressure-volume relations in hypertrophic cardiomyopathy, effect of beta blockade (Raphael *et al.*). 537, *P.*
to pulmonary artery conduit in treatment of transposition of great arteries, restrictive ventricular septal defect, and acquired pulmonary atresia: case report (Singh *et al.*). 1213
relaxation, abnormal, echocardiographic assessment, man (Upton *et al.*). 1001
wall, movement during isovolumic relaxation, relation to coronary artery disease (Gibson *et al.*). 1010
relation of instantaneous mitral valve leaflet velocity, normal (Upton *et al.*). 51
role of autoregulation in transmural distribution of coronary flow (McGregor *et al.*). 880, *P.*
segmental motion abnormalities in coronary artery disease (Seabra-Gomes *et al.*). 312, *P.*
pre-excitation, anatomy (Becker *et al.*). 879, *P.*
primitive, echocardiographic diagnosis (Beardshaw *et al.*). 534, *P.*
right, biloculate false aneurysm after cardiac surgery: case report (Samarrai *et al.*). 297
double outlet, 27 cases (Cameron *et al.*). 1124
effective refractory period, effect of therapeutic doses of lignocaine hydrochloride (Olsson *et al.*). 536, *P.*
outflow tract in pulmonary atresia, homograft reconstruction, late results (Ross & Somerville). 316, *P.*
septal defect, early closure complicating myocardial infarction (Davidson *et al.*). 874, *P.*
evaluation of early primary repair in first year of life (Radley-Smith *et al.*). 879, *P.*
LVOTO and transposition, Rastelli operation (Daenen *et al.*). 878, *P.*
repair, infancy (Taylor *et al.*). 535, *P.*
and transposition of the great arteries, Mustard's operation (Yacoub & Radley-Smith) 878, *P.*
tachycardia, atypical—*torsade de pointes* (Krikler & Curry). 117: (Krikler, Curry & Evans). 311, *P.*
with retrograde conduction. Simplified diagnostic approach: correspondence (Marriott: Evans). 771
and ventricular extrasystoles with idioventricular rhythm (Talbot & Greaves). 457
Ventriculo-aortic reconstitution, and aortic atresia (Freedom *et al.*). 821
Ventriculo-atrial conduction time during reciprocating tachycardia with intermittent bundle-branch block in WPW syndrome (Pritchett *et al.*). 1058

Wenckebach phenomenon
between electric pacemaker and ventricle (Klein *et al.*). 961
in exit area from a transvenous pacing electrode: case report (Peter *et al.*). 201
occurring in distal conducting system, young adult: case report (Gray *et al.*). 204
Williams-Barefoot extractable electromagnetic aortic flow probe, experience after open heart surgery (Lewis *et al.*). 316, *P.*
Wolff-Parkinson-White syndrome
effect of pacing site on QRS morphology (Castellanos *et al.*. 363
'incessant' tachycardias in, I. Inititation without antecedent extrasystoles or PR lengthening, with reference to reciprocation after shortening of cycle length (Krikler *et al.*). 885, Role of atypical cycle length dependency and nodal-His escape beats in initiating reciprocating tachycardias (Coumel *et al.*). 897
ventriculo-atrial conduction (Pritchett *et al.*). 1058

Xenograft, aortic valve, stented procine, initial clinical experience (Sang *et al.*). 875, *P.*
Xenon spirometry, in study of regional pulmonary blood flow in mitral disease (Andersen *et al.*). 573

Young Research Workers' Prize, 320, *P.*

Zinc, plasma, in acute myocardial infarction, diagnostic and prognostic implications (Low & Ikram). 1339
